Advertising Specifications:

Disk & mechanicals¹ are preferred over camera-ready mechanicals. Macintosh platform over PC.

Disk mechanicals:

€ All disks MUST be accompanied by hard copy.

€ Files can be submitted on 3.5 inch floppy, Zip disk, Jaz 1GB, or CD-ROM.

€ All ads should be composed using Quark Xpress, Adobe Illustrator, or Adobe Photoshop. Include all linked art files and fonts.

€ Scanned images are to be saved in eps or tiff format at effective resolutions of 600 dpi (linework) or 300 dpi (CMYK or grayscale).

€ Please include all original art, slides or transparencies that the printer will need to scan high resolution and drop into the layout. Also indicate cropping on an overlay or a sheet of paper. All original art, slides or transparencies will be returned to the advertiser upon completion of the book.

Camera-ready mechanicals:

€ Camera-ready is considered any copy or layout submitted at exact mechanical dimensions requiring no typesetting. Ads with dimensions that do not match the mechanical requirements will be placed as-is or re-set at proper size to match original as closely as possible.

€ High quality laser printer or PMT output is acceptable - faxes and film are not.

€ Please do not fold, staple or tape mechanical or original art.

New Compositions:

€ All rough copy is to be submitted typed and double-spaced. Send a rough layout and indicate the typeface if there is a preference.

Page dimensions: 7.5" x 10" final trim. Live area: 7" x 9".
