

**Lourdes Health System  
Participating Insurance Plans  
Current To October 23, 2018**

**NOTE: Many employers and some insurance plans rent their network benefits from national PPOs. Although a payor may not be specifically listed below, it could still participate with us through one of those rental plans with whom we do participate. As there are numerous rental plans, best practice calls for Patient Access or the Practitioner's office to phone the number on the insurance ID card to verify both our participation status and the patient's benefits by providing the facility tax ID and patient member ID. Member benefits should always be confirmed with the insurer PRIOR to an elective service being rendered as not all benefit plans cover all services.**

Although a payor may not be specifically listed below, it could still participate with us through one of those rental plans with whom we do participate. As there are numerous rental plans, best practice calls for Patient Access or the Practitioner's office to phone the number on the insurance ID card to verify both our participation status and the patient's benefits by providing the facility tax ID and patient member ID. Member benefits should always be confirmed with the insurer PRIOR to an elective service being rendered as not all benefit plans cover all services.**
